2010

**WELCOME** to the last TVM Newsletter of 2010. The holiday season is in full swing. We trust all our American readers had a great Thanksgiving and we wish everyone a Happy Christmas and motoring fuelled New Year.

If you or a friend would like to be added or removed from our mailing list, please send an email to [newsletter@thomasvintage.com](mailto:newsletter@thomasvintage.com).

### NEWS

#### TVM Launches New For Sale Section on Website

In our ongoing efforts to make our website [www.thomasvintage.com](http://www.thomasvintage.com) a site to enjoy, remember and return to we have now brought you a **For Sale** section. This gives us the opportunity to market to you some of the many parts, tools and even cars we have available.

Another aspect of the **For Sale** page is the posting of YOUR parts, tools and cars. We will upload any images and descriptions for you and your contact details will be on the advert. The best part is it's all for FREE.

So check out the **For Sale** page and please **Contact Us** for details on posting your For Sale items.

From time to time we will also announce a For Sale item in the Newsletter. In this edition we would like to bring your attention to:

**1966 MGB Racecar.** Built as a racecar by Thomas Vintage Motors in 1993 and raced with RMVR for last 17 years. The engine and transmission were professionally rebuilt in 2007. The car is available with spares, drivers' race clothing and equipment and an open trailer. The car is privately maintained.

Please go to the **For Sale** page for more information

#### PUZZLE TIME – CAR LOGOS

Name them all and you could win a TVM T-shirt. Submit answers to [newsletter@thomasvintage.com](mailto:newsletter@thomasvintage.com)

### WHAT'S BEEN GOING ON AT TVM

Along with the continued maintenance and preparation of our clients' racecars for the 2010 season we are also working on these exciting projects:

1953 Frazer Nash LeMans Coupe – This car ran on the Colorado Grand this year. Before the event the car came to us for a thorough check over to ensure its reliability on the event. It finished the event and is now back with us to complete some mechanical issues not addressed before the Grand.

1939 Alfa Romeo 6C 2500 Corsa Tipo – Another Colorado Grand car, this stunning Alfa was blighted with brake problems on day one. The Rockies is not a place for poor brakes! TVM was honored to be asked to inspect the mechanical systems of the car and perform a number of mechanical and engineering tasks.

1956 Cooper Bobtail MK1 – This beautiful car came to us after the ERSA transmission had 'Grenaded' itself! Whilst pulling the unit, numerous other mechanical issues came to light on the car. Due to the simplistic nature of the car it was easy for the client to decide for us to tear down the car to a bare frame and perform a mechanical restoration of the car.

Once completed this car will be available for sale. Please [Contact Us](#) for more details.

Don't forget to check out the website [www.thomasvintage.com](http://www.thomasvintage.com) for News, Services and great Galleries.

Hope you enjoyed our TVM Newsletter. Please feel free to [Contact Us](#) with any questions or comments.
