

THOMAS VINTAGE MOTORS

Newsletter

Volume 1

Number 1

2009

WELCOME to the first Thomas Vintage Motors Newsletter. Here we will keep you up to date on what's happening at TVM. We plan to release 4 newsletters a year.

If you would like to be added or removed from our mailing, please send an email to newsletter@thomasvintage.com. Enjoy.

NEWS

TVM has been slaving away at the computer as well as in the shop for the last couple of months to bring you a new up to date, informative, functional and enjoyable website.

To coincide with the web design we have also changed the web address to www.thomasvintage.com.

In the new site we have news, employee biographies, details on services we offer, useful links and in-depth photo galleries on the cars we maintain, prepare and/or restored.

WHAT'S GOING ON AT TVM

Along with the continued maintenance and preparation of our clients' racecars for the 2009 season we are also working on these exciting projects:

1953 Jaguar C-type – In-depth analysis and alignment of the suspension system and preparation for the 09 season

1953 Allard J2X – Extensive mechanical overhaul in preparation for the 09 season

1966 Ferrari 330 +2 – Full ground up restoration

1949 HRG – Engine rebuild and driveline overhaul.

Hope you enjoyed the first installment of the TVM Newsletter. Please feel free to contact us with any questions or comments on the Newsletter, Website or Services we offer.
