NEWS

TVM now has a new corporate logo, seen above. We decided that with all the revamping going on that we should take a new look at our logo. The old logo displayed a pencil drawing of two Cooper race cars and whilst, very striking it did not suggest that we specialize in other marques.

The new logo is an amalgamation of an Aston Martin DB4GT and a Brabham BT4 formula 1.

We hope that you like the new look as much as we do.

RENTAL RACER

TVM is now offering a Formula Ford rental racer. We have painstakingly prepared one of our 1971 Titan Mk6's for use in vintage events. The Titan, which is considered to be one of the best vintage FF models, is a reliable, predictable and competitive racecar. Below are images of the Titan on its first rental weekend at High plains Raceway. Please [contact us](#) for availability and rates.

WHAT'S BEEN GOING ON AT TVM

Along with the continued maintenance and preparation of our clients' racecars for the 2009 season we are also working on these exciting projects:

1953 Jaguar C-type – We have finished the suspension analysis and alignment. The client has driven the car and has reported that the car *“feels just like it did when I got it” (many years ago)* and *“it feels solid I can really lean on it (again).”*

1953 Allard J2X – Just back from paint and the mechanicals are all done.

1959 Cooper Monaco – Engine rebuild and preparation for Monterey Historics.

1965 Sunbeam Tiger – Engine rebuild, suspension setup and preparation for season.
